Sir,

As the 3 years Government grant to the Koppa Medical Fund expires, I believe in August 1914 I shall feel obliged if you will apply kindly for a renewal of the grant for a further term of 3 years. This fund has been going for 15 years and as the Koppa and Sollebile Dressers, cannot possibly attend to the 27 Estates, on the two Districts we have now a qualified Medical Officer in Koppa at Rs. 150/- per month and another in Sollebi-le on Rs. 230/- including allowances. In Koppa we pay 5 annas per acre to the fund and in Sollebile 8 annas, and we divide the Rs. 200/- grant equally and this arrangement works very -- smoothly The number of coolies employed by the 27 estates on the fund may be put at about 4000, all of whom get Medical at-tendance and medicine free and the lives of a very large num-ber of coolies have been saved yearly owing to this fund, es-pecially in time of Plague Small pox, and pneumonia which is very prevalent in this District and often Fatal. For the above reasons I feel confident that you will strongly recommend the renewal of the Grant for 3 years.

To

The Deputy Commissioner

Kadur District.

Sir,

I have the honor to acknowledge receipt of your letter regarding the Koppa Medocal Fund and herewith send you replies to the points raised by the Secretary to Government ,General and Revenue Departments. My replies refer only to the Koppa Division of this Fund, the reply of the Honorary Secretary of the Sollebile Division will be enclosed on receipt.

In answer to para I of your letter stating the expenditure side of the statement sent by me does not tend to indicate much work done for Coolies , I would point out that the amount of Me--dicines sold is no criterion of the amount of cases treated as most Estates keep their own medicines which are used by the Me--dical Officer when he visits the Estates his statement enclosed proves conclusively the very large amount of work done annually amongst the 2500 Coolies employed annually by the 17 Estates --- subscribing to the Fund.

Para II enquires why the contribution should not be limi--ted to the amount for subscriptions raised. The amount raised by subscriptions during the coming year (1st March 1914 to 1st March 1915) in this division will be exactly Rs.1181-4-0 and as we get Rs.100/- per month (Rs.1200/- a year) the Government contribution and the subscription raised by the Koppa Fund are almost identical save Rs,19/-. In this connection, I enclose a statement of the actual receipts and expenses of this division of the Fund for the coming year, by which you will see that the yearly expenditure

9

exceeds the receipts by Rs.12-12-0.

Para III. The Medical Officer is Dr.C.B.Green, retired departmental warrant officer, Indian Army; Assistant Surgeon, I.S.M.D. Nationality -Anglo Indian.(Retired).

Dr.Green is a very capable Medical Officer and Surgeon and in 18 years we have never had a Doctor in whom the coolies have had more confidence. The enclosed statement shows the enormous number of cases treated by Dr.Green since he came here in Septembe 1911. In fact, without this fund the mortality among coolies woul have been very heavy indeed as we have outbreaks of small pox, and cholera and pneumonia is bad every year. I trust I have shown yo the incalculable value of this fund as with the exception of the Sub Assistant Surgeon in Koppa, who is utterly unable to answer daily calls to estates 7 miles off our nearest Medical aid is Chikmagalur, 60 miles off.

In addition to the 2500 coolies employed by the 17 estates on the Fund, there are 24 writers and Moonshees and their families and 12 Europeans all dependent on this Fund for Medical aid.

The reply of the Sallebile Funds Secretary will be forwarde you on receipt.

Mr. Bolton the Honorary Secretary of the Koppa Medical Fund has forwarded to me as Honorary Secretary of the Sollebile Medical Fund, the official correspondence with regard to renewing the Government grant -in-aid of Rs. 200/- per mensem for a fur--ther period of 3 years, and I cannot lay too much stress on Go--vernment continuing their support in such a good cause.

Our Doctor has as much as he can do to attend to all our requirements . We have no less than 13 Estates on the Funds Roll representing 3156 acres of Coffee and Rubber and a Cooly popula--tion of about 1600 in addition to this there is the Native Es--tablishment of Writers and Maistries and their wifes and famili--es , say with Dependents 2000 souls.

The great usefulness of the Fund and the great good that it is doing is the salient point in asking the Government to -- renew its grant-in-aid of Rs. 200/- per mensem for a furtner --- period of 3 years.

Letter dated, Coonoor, 13th May 1914, from Mr.G.Bolton, Hon: Secretary, Koppa Medical Fund, to the Senior Surgeon, Mysore Government.

In reply to your letter of 6th Instt., forwarded to me here, please note that both the Koppa and Sollebile Dispensaries keep a full supply of all necessary medicines- which are compounded by the medical officers themselves as the funds at our disposal are not sufficient for the employment of Compounders. A short time ago I forwarded through the Deputy Commissioner, Kadur District, at the request of the Revenue Commissioner, a full and detailed statement of all yearly expenditure & assets, which if necessary you can procure. I also sent a statement showing 3900 cases treated in Koppa District alone, quite apart from Sollebile.

The monthly payments are:- Doctors salary Rs 175/-, Bungalow rent 25. Tappal cooly 4-8-0- Cost of medicines is recovered from the different estates.
